

lockers

Profile Systems range of lockers incorporates three widths, with a choice of single, two, three, four and six door compartments. Our lockers are fully welded with prime grade steel giving them strength and stability.

lockers

Environmentally friendly, Profile Systems lockers are chip and scuff resistant with Dulux set powdercoating used exclusively in the finishing process. Profile Systems can custom manufacture lockers to suit your particular requirements. Our wide selection of lockers are also available with heavy duty security, backpacker size, coin or card operated, special school sizes and can be keyed individually.

the specs
